DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 11-12 and 16 are rejected under 35 U.S.C. 102(b) as being anticipated by Ermilov, et al., previously cited.

Ermilov in figs. 1-2 discloses a plurality of stacked magnetizing coil units comprising a coiled copper sheet 7 solenoid (col. 6, line 31) and a housing with coolant input 18 (at bottom left of fig. 1) and output 19 ports having microchannels 22. A coolant reservoir 15 is in an outer portion of the coil units. The coil unit housing 3 has a protrusion (post) 1 for mounting in the opening (hole) 6 of coil housing unit 2.

Allowable Subject Matter

3. Claim 15 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

4. Applicant's arguments filed 5/22/06 have been fully considered but they are not persuasive. Applicant alleges Ermilov failed to disclose wherein each housing includes an opening or a protrusion to fit into the opening of an adjacent magnetizing coil unit.

The examiner asserts that Ermilov in fig. 1 discloses a coil unit housing 3 having a protrusion (post) 1 for mounting in the opening (hole) 6 of coil housing unit 2.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
